New Haven, Connecticut 06511

*OLIN CORP - S P OLIVER
TXD 000 607028*

Dear Mr. Carnam:

Re: Olin/S. P. Oliver Site, Wallisville Road, Houston
No Solid Waste Registration Number

Enclosed with this letter are four copies of a Compliance Agreement for consideration by Olin Corporation (Olin), Eureka Investment Corporation (Eureka) and Southern Pacific Transportation Company (Southern Pacific). The terms of this Compliance Agreement address only the immediate remedial actions necessary for the drainage ditches at and adjacent to the above-referenced site. The soil boring/ground water investigations I addressed in a February 20, 1985 letter to your company are by no means waived. However, the implementation of these investigations may be delayed until the resolution of the federal law suit between Olin, Eureka and Southern Pacific.

Please coordinate signatures on all copies of the Agreement and return one signed copy to the Department within 15 days. If Olin decides not to sign the Agreement, we will expect to be accordingly informed of that decision within the same time period.

Any questions regarding this matter should be referred to Mr. Fred C. Dalbey at 512/463-7778.

Sincerely yours,

Charles E. Nemir
Executive Director

ccs: Mr. David Crain, Office of the General Counsel
Mr. Charles Faulds, Superfund Unit
Mr. Robert Maher, Attorney representing Southern Pacific
Mr. Fred Stumpf, Attorney representing Eureka
Mr. David W. Long, Southern Pacific Transportation Company
